CLASSIFICATION

31 March 1952

TO: Chief of Base, Salzburg

DATE:

FROM: Chief, EE

SUBJECT: GENERAL - Operational

SPECIFIC: Miklos Korponay's Reports on the MHBK

1. Before his departure, [] mentioned that Korponay had given Gruesome a considerable amount of information on the MHBK in addition to that which was attached to MASA 843. According to [] these reports can be found in Gruesome's Operation DARBY files.

2. The ZAKO issue is far from dead, and we find ourselves continually faced with the necessity for presenting evidence to prove that ZAKO has no assets worth exploiting. We do not want the field to divert time and effort from its own targets to mount operations against the MHBK, but will appreciate your forwarding any pertinent data in the DARBY file, and anything else which may come to your attention in the future.
